

## Making a cup of Tea – Process Map/Flow Chart

There are a large range of tea bags available and it is worth experimenting to find one that you like.

Put teabag in mug or cup and add water that is just off the boil

Hot water from the hot water tap should not be used

The longer the tea bag is in the water the stronger will be the tea. It is not necessary to add milk or sugar or both.

Wait 3 to 5 minutes, remove the tea bag and add milk and sugar to your taste
